## Summary:

---

Hello, I'm looking for my first job as a Junior Front-End developer. I have commercial experience in freelance (create, made, change of already landing pages (adaptive, responsive on PSD, Figma layouts), websites, sale-cards, registration-pages, sites, and quiz). I have HUGE desire to develop, improve and continue! Use my skills in real projects! Learn, learn, and learn😊

## Work Experience:

---

## Additional information:

---

Now I'm working as a System Administrator, but I want to change my profession and start a career as a Front-End Developer.

In free time, I learn React, JS, Typescript, and English.

I have an understanding and basic experience working with such assemblers as Gulp, Webpack, WordPress, Opencart.

- ✓ Quickly learning
- ✓ Initiative
- ✓ Executive
- ✓ Punctual
- ✓ Hard-working
- ✓ Responsible
- ✓ Great desire to learn and develop to front-end development
